

## Aiding Hearts Grant Application

### General Info:

Aiding Hearts has a grant program to help fund research that can potentially save, improve, or prolong the lives of those suffering from ARVD. This grant is for \$12,500. We will consider applying these funds to projects of any size. Applications are due July 20th, 2018. If you have any questions, please contact us at [smedin@aidinghearts.net](mailto:smedin@aidinghearts.net). You can find more information about Aiding Hearts at [www.aidinghearts.net](http://www.aidinghearts.net).

### Application Instructions:

To apply for this grant, you must fill out the 2018 Grant Application Form (which is on the second page of this document) and answer the questions below. Your research also must be related to ARVD. You can apply for this grant by emailing both the answers to the questions below and the 2018 Grant Application Form to [smedin@aidinghearts.net](mailto:smedin@aidinghearts.net).

### Timeline:

- **Application Deadline: July 20th, 2018**
- **Decision Notification: 6-8 weeks after deadline**

### Questions:

1. Provide a 1-2 page single spaced research abstract. The abstract should detail what issues the research project seeks to address. It should include several specific aims of the project, references to relevant literature or prior literature, how the project is to be conducted and evaluated, and why the work would be important to improving knowledge and/or treatment options for those with ARVD.
2. What are your funding needs for this project? What funding do you currently have and how much do you need? And how would our funding specifically affect your project?
3. Please provide an NIH formatted biosketch. Please do so for the Principal Investigator as well as your senior investigator (if applicable). (Ex: <https://grants.nih.gov/grants/funding/phs398/biosketchsample.pdf>)
4. How long will the project take? What do you expect to get done within the next year?
